

Gourav Mukherjee

Senior UX Designer | Product Designer (SaaS & Enterprise Applications)

+91-7992312865 | gouravmukherjee1907@gmail.com | linkedin.com/in/gourav-mukherjee-710503207

PROFESSIONAL SUMMARY

Senior UX Designer with 5 years of experience designing scalable SaaS, Field Service Management, and EdTech platforms for web and mobile applications. Specialized in user research, interaction design, information architecture, usability testing, and design systems. Proven track record of improving user engagement by 30% and reducing bounce rates by 25% through data-driven design decisions. Experienced in Agile environments, collaborating with cross-functional teams to deliver accessible, responsive, and user-centric digital products that drive measurable business outcomes.

Core Skills

- **UX Design:** User Research, Wireframing, Prototyping, Information Architecture, Interaction Design
- **Product Design:** UX Strategy, Product Thinking, User Flows, Journey Mapping
- **Design Systems:** Component Libraries, Design Tokens, Scalability
- **Tools:** Figma, Adobe XD, Sketch, Balsamiq
- **Frontend & Design Implementation:** HTML5, CSS3, JavaScript, Bootstrap, Tailwind CSS
- **Others:** Accessibility (WCAG), Usability Testing, A/B Testing
- **AI-Assisted Design & Research:** AI-powered UX workflows, Prompt Engineering, UX Research Automation, AI-assisted Wireframing & Prototyping

PROFESSIONAL EXPERIENCE

Senior UX Designer | Bursys Infotech India Pvt. Ltd. | Feb 2024 – Present

Product: FieldEquip (FSM SaaS Platform)

- Spearheaded the end-to-end UX redesign of a Field Service Management (FSM) SaaS platform (Web & Mobile), optimizing enterprise workflows and improving overall task efficiency across core modules.
- Conducted user research, stakeholder workshops, usability testing, and heuristic evaluations to identify usability gaps and increase task completion rate by **25%**.
- Developed information architecture, user journeys, wireframes, and high-fidelity interactive prototypes using Figma, aligning design solutions with business KPIs.
- Architected and maintained a scalable design system and reusable component library, improving UI consistency and accelerating cross-team development efficiency.
- Simplified complex enterprise workflows including Work Orders, Asset Management, and Inventory modules, reducing process completion time by **30%**.
- Collaborated cross-functionally with Product Managers, Developers, and QA teams in Agile/Scrum environments to ensure accurate implementation and reduce UI-related defects before release.

- Improved usability and accessibility (WCAG standards), contributing to increased product adoption and enhanced user satisfaction.

Software Engineer & UI/UX Designer | Wefivesoft Pvt. Ltd. | Mar 2021 – Sep 2023

Product: MarkersPro (EdTech SaaS Platform)

- Led end-to-end UI/UX design and front-end development in Agile/Scrum sprints for a cloud-based EdTech SaaS platform, ensuring seamless collaboration between design and engineering teams.
- Improved user engagement by **30%** and reduced bounce rate by **25%** by restructuring information architecture, optimizing navigation flows, and enhancing overall user experience.
- Designed responsive, mobile-first, and accessible interfaces for web and mobile applications, following usability best practices and WCAG accessibility principles.
- Conducted user research and developed personas, journey maps, user flows, wireframes, and high-fidelity interactive prototypes aligned with product strategy and business goals.
- Built and maintained a scalable design system and reusable component library to ensure cross-platform UI consistency and faster feature deployment.
- Developed clean, maintainable front-end code using HTML5, CSS3, Bootstrap, and JavaScript, improving application performance and scalability.
- Collaborated with QA teams to identify, troubleshoot, and resolve UI defects, ensuring high-quality releases and enhanced product stability.

KEY ACHIEVEMENTS

- Improved engagement metrics by 30% through UX strategy and interaction redesign.
- Reduced bounce rate by 25% via navigation restructuring and UX optimization.
- Built and standardized reusable design components across multiple product modules.
- Delivered scalable and responsive UI solutions for web and mobile platforms.

EDUCATION

Bachelor of Technology (B.Tech) - Trident Academy of Technology

Bhubaneswar, Odisha | August 2020
